9 Fridays Meet at flagpole or outside office Grades 2-5
 Classes will be held at the north campus temporary community center.

Bring 2 Pencils and a Composition Book

From the award winning nonprofit education foundation, Outdoor Science Exploration & Classroom Science Fun
A Master Science Teacher with OSE/CSF, Irvin teaches 150+ popular science classes every year.

Active learning hands-on physics, chemistry and life, nature & earth sciences

Nurturing your child's talent with essential concepts, special activities & higher level thinking skills

EACH class series every year has NEW activities.

Science is an essential part of our young student's education. We use the most effective approach with student centered active learning & advanced lessons which can help with memory, creativity, focus, science scores, and social skills. **Irvin Lindsey** is an accomplished, award winning Master Science Teacher.

By using this form, you agree not to hold the school, district, Outdoor Science Exploration, or the teacher liable for any injuries incurred during the class. Tuition is refundable up to a week before the 1st class. Students come prepared to be focused out of respect for others. If behavior is a problem, at our discretion a student will no longer attend, and tuition is lost. There are no class visitors or tryouts. Sometimes photos or videos are taken for family gifts, flyers, quality control, our website or scrapbook. Contact information lets you know about our programs. We have the utmost respect for privacy.
