

Loma Prieta Joint Union Elementary School District presents:

# Kids & Company Summer Day Camp

June 14 – July 16  
7:30 a.m. – 5:30 p.m.

It's time to start planning for summer enrichment activities and Kids & Company is here to help with "Super Sci-Fi" Day Camp. Each week of camp is based around a different theme and all include cooking, water play, games, crafts, an optional dress-up day, and science lessons, too.

The summer camp program is incorporating National Best Program Standards for Extended Day School Programs by including scheduled time for the "3Rs". Lessons will focus on science, history, nutrition, and activities to increase the self-esteem of our campers. Our child-to-staff ratio is 12:1 or better.

The program is flexible by design so you can enroll for the full summer or only choose to attend some of the camps. So, whether you are looking for weekly enrichment or an occasional adventure right here on the mountain, Kids & Company has a camp for you.

To staff day camps as scheduled above, a minimum of 10 and a max of 24 children must be enrolled per week. Hours or operation may be altered of days cancelled if fewer children are enrolled.

On-line registration begins now and early enrollment is recommended to ensure the planned camp days and times are maintained in the summer program. Since the program must have an average minimum of 15 students enrolled per day to operate and the program schedule must be finalized at the end of May, low enrollment as of May 28 may result in modification or cancellation of camp hours/days. Due to COVID-19 protocols and mandates, we may have to make programmatic changes in our camps delivery. Parents will be updated should the need arise to make changes.
